SIYA SHARMA

MBA Scholar | Research, ESG & Sustainability
New Delhi, India | siyasharmajindal003@gmail.com | Linkedin Profile | Siya Portfolio | +91 8130578365

PROFILE

MBA Scholar with an academic background in Environmental Studies and experience in market research, ESG, sustainability, and policy research through internships at EY, GIZ, Pernod Ricard, and TATA 1mg. Experienced in conducting sector research, analysing data and trends, supporting strategic reports, coordinating stakeholders, and developing research-based insights. Certified in ESG Fundamentals by IMD and Careers in Sustainability by Coursera, with proficiency in English, Hindi, and French.

PROFESSIONAL EXPERIENCE

CSR & Sustainability Shadow Intern | Pernod Ricard India Foundation — Jun 2026 – Jul 2026

- Consolidated beneficiary numbers, outcomes, impact indicators, case studies, field documentation and SDG-alignment data across four CSR verticals for the 2025–26 CSR Annual Report (planned 60–70 pages).
- Drafted and edited leadership messages, the Vision section, programme narratives and impact summaries; reviewed implementation-partner reports and beneficiary stories.
- Researched Companies Act, 2013 (Section 135, Schedule VII), UN SDGs, CSRD/ESRS and Pernod Ricard sustainability reporting; discussed content with internal programme teams.

Environmental Research Intern | Ernst & Young LLP (EY) — May 2025 – Jul 2025

- Researched seven deep-tech domains (AI, quantum computing, semiconductors, robotics, advanced materials, biotechnology, clean energy) for an internal study of the deep-tech ecosystem in India and globally.
- Analysed policy initiatives, funding trends, intellectual property and innovation enablers using WIPO, IP India, patent databases and the Global Innovation Index.
- Built comparative matrices benchmarking the US, South Korea, Switzerland and Germany on deep-tech investment, institutional support and regulation.
- Contributed to the master document "The Deep Tech Innovation Ecosystem", internal knowledge documents, a senior-reviewed presentation and a sectoral maturity framework for India.

Intern, Triangular Cooperation Project | GIZ (Deutsche Gesellschaft für Internationale Zusammenarbeit) — Jan 2025 – Apr 2025

- Conducted desk research and policy analysis on sustainability for a triangular cooperation project involving Indian and African government stakeholders.
- Prepared briefing material and reports, drafted meeting notes and contributed to the final report.

Partner Management Intern | TATA 1mg — Dec 2023 – Jan 2024

- Analysed internal partner-management workflows, identified bottlenecks and proposed process improvements.

Research Intern | Ambee: Environmental sector research and trend analysis — Jan 2023 – Feb 2023

Research Intern | Indian Angel Network: Market trend research and sectoral growth assessment — Jun 2022 – Jul 2022

SELECTED RESEARCH

Analyzing 2 Case Studies from India: Effective Strategies for Waste Management and Circular Economy
Undergraduate thesis, 2023–24. Secondary research on SWaCH, Pune and Chintan, Delhi; found that effective circular economy models need infrastructure, policy implementation, public participation and cross-sector collaboration, while supporting socially inclusive livelihoods. Thesis link
